The increase in the tax assessment of the city of Lexington of \$1,132,691.12 over that of 1899, the total being \$17,625,916, shows that the capital of the Blue Grass is making rapid strides in wealth as it is in population, and is destined to become a great city.

When within a few miles of his destination, Oliver, though in excellent health, became suddenly ill, lay down in the wagon and died.

Nelson Burkhead, the oldest patient in Lexington Asylum, died of old age. He had been in the institution for 51 years and was originally sent from Jefferson county. Victoria, occupying an entrenched position, with 30 rifles and 300 Bolomen. Lt. Morrow's force charged and drove the enemy from their position, it is believed, with heavy loss. Lt. Thirty-four of the immigrants were skilled mechanics and one had a profession. The remainder made up the list of unskilled laborers.

The store of Eugene B. Carter, at New Market, Marion county, was broken into and the safe blown open and robbed of about \$100. They met at the school-house where the session was being closed and a fight took place. Cunningham escaped to Jackson county where he was arrested and brought here. Trial was set for Thursday last. Bond was placed at \$500.

T. T. Wallace, one of our oldest and most honored citizens died Wednesday about 1 P. M. He was about 62 years old, had never married and had always made his home with his sister, Mrs. Ann Fish, there being only two children. For several years he was deputy county clerk and that place he always filled with credit. The widow of C. C. Cabbie, deceased, has compromised with the railroad company for \$5,000 for the death of her husband, who was killed by the falling in of a bridge at Calvary last summer.—Mt. Vernon Signal.

DEAFNESS CANNOT BE CURED by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

J. C. McLeary, of London, who shot and killed Sam Rogers, his colored porter, has been sued by Rogers' widow for \$10,000 damages. McLeary is the proprietor of the Catchings Hotel. He is under \$5,000 bond for killing Rogers.

While asleep on the railroad track Wiley Lewis, a miler at Proctor, had his leg cut off. He had been drinking and went to sleep on the track. The train knocked him from the track and he lay half the night in a pool of mud and water up to his neck.

The prospects for a new railroad department at Corbin, of the Y. M. C. A. are very encouraging. Over \$1,500 has been subscribed, which with an appropriation from the L. & N., will erect a \$4,000 building and equip the same with beds, restaurant, etc., at this very needy point on the L. & N.

Deputy Collector W. T. Hawkes, of Lebanon, and a posse of revenue men made a successful raid in Nelson county, about nine miles south of New Hope. They destroyed a fine copper still of 100 gallons capacity, with 150 gallons of singlings, a quantity of meal, malt and every necessary in a well-equipped moonshine distillery.

Judge Stanberry saved the county \$400 by giving to Jim Huff his liberty, after he had enlisted as a soldier in the regular army. Jim had fines enough assessed against him to keep him in jail 800 days, which would have cost the county \$400. Jim will now leave the State for three years, and it is to be hoped that when he returns he will be a wiser and a better boy.—London Kentuckian.

Samuel Lucas, a drummer, son of John Lucas, of Berea, was perhaps fatally stabbed by Anse Harris, a saloon-keeper of Richmond. Lucas, according to witnesses testimony, was in Harris' place violently abusing Negro democrats, and Harris ordered him out. Later they met, and it is alleged that Lucas made a feint to draw a weapon, when Harris stabbed him in the back. Both men were drinking. Harris gave \$5,000 bond. Lucas was removed to Berea. His lung was penetrated by the knife thrust.

HOW TO CURE COUG.

Mr. R. Gray, who lives near Amenias, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for cough and never fails to cure." When given as soon as the child becomes hoarse, or even after the cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Craig & Hocker, Druggists.

The Enterprise, of Lebanon, prints a story about some one attempting to assassinate Judge Lefe S. Pence while he was driving through the country to the home of a relative. Some man on a horse, as he passed Judge Pence's buggy, flashed a pistol in his face and fired. The ball did not take effect. Judge Pence thinks his assailant was a Negro.

Samples of lead and zinc ore taken from a vein just discovered on the farm of C. M. Clay, Jr., near Paris, show the ore to be 95 per cent. metal. The vein has been developed to a considerable extent. The find is regarded as a very valuable one. A strong flow of oil was also struck in working the vein.

CRAB ORCHARD.

Many are taking advantage of the fine weather for hog killing.

Elder J. G. Livingston filed the pulp in the Christian church Sunday.

The new proprietors of Crab Orchard Springs have been installed and give evidence of their efficiency, and a bright future is predicted for this famous resort.

The sale of Mr. Alfred Davis on Saturday was largely attended and everything brought fair prices. Mr. Davis will move to town shortly and occupy the old Higgins property on Lancaster street.

Miss Annie Bronaugh has returned home after a protracted stay with friends in Madison county and other places. Mr. Ivon Fish, of Stanford, visited his mother and sisters Saturday and Sunday.

Prof. Riggs has returned from his trip to Southern Kentucky and will continue his instructions to the band and will also organize a vocal class here, which we trust will be a great advantage to both old and young.

There will be a box supper Wednesday night at the school building in the interest of the band boys and as the young men have made many worthy efforts toward maintaining themselves a large attendance is desired and as many boxes as can be contributed will be acceptable.

W. F. Thompson and wife and Mrs. Walton, former residents of this community, left Dryden, Va., on the 6th for their old Kentucky home. It is said the largest crowd that ever gathered at Dryden upon a similar occasion, assembled at the depot to see them off for their native land, where they were gladly welcomed by their many friends at Crab Orchard and vicinity.

Mrs. Stapp has been conducting a very successful private school during the enforced condition of Dr. Stapp and it affords her great pleasure to state that during the whole term so far she has not had occasion to speak a harsh word to a pupil. Mr. Robert Collier and family are comfortably domiciled in the home of Mrs. Alice Newland, where they will keep a few boarders.

Miss Arethusa Cloyd is spending a well-earned rest with her aunt, Mrs. Patton, after a successful school term in Garrard county. Misses Sallie and Ada McWhorter, two of our lovely young ladies, are also enjoying a rest after their praise-worthy efforts in the school room during the late summer and fall. It is certainly a very commendable trait in young ladies who are ambitious enough to make themselves useful and independent. Mr. and Mrs. J. F. Cummins, of Stanford, spent Sunday with the family of Dr. Pettus. Miss Lizzie Cline is reported better at this writing.

CHURCH MATTERS.

Rev. J. W. Porter had 45 additions during his meeting at the Baptist church, Owenton.

Since Rev. William Ross Lloyd began work at the Christian church, Richmond, there have been 200 added to the church, and \$1,000 to \$1,500 raised annually for missions. Each year has closed with money in the treasury.

Mrs. W. A. Spangler, of Campbell county, was drowned in a spring a foot deep near her home. She had gone to the spring to churn, and it is believed she must have fainted and fallen in the spring. She was found with her head in the water.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Craig & Hocker, Druggists.

The dead bodies of Jeff Hubbard, of Mayfield, and Edward Crawford, of Paducah who disappeared two weeks ago, were found in a slough on the outskirts of Paducah. They had evidently been drowned in the backwater.

THE INTERIOR JOURNAL

STANFORD, KY., — DEC. 11, 1900

E. C. WALTON.

UNTIL McKinley took his pen in hand to write his message delivered to Congress last Monday, Cleveland held the record as having written the longest message of any, but McKinley's effort lays him in the shade by 2,000 words. A good many papers make a blow of having printed it in full, but the Cincinnati Enquirer, which didn't give a great deal more of the document than the INTERIOR JOURNAL did, felt itates itself on having used the blue pencil and pared it down to the core. We are glad to know that the custom of making a lumber loft of newspaper pages on account of the magic of the signature of a president, a secretary of the treasury or any person of that sort is falling into disuse, and that many of the leading papers are following the lead of the courageous Cincinnati sheet.

SECRETARY GAGE estimates that it will require \$626,741,762 to pay the expenses of the government next year, or some \$40,000,000 more than this year. In the estimate the enormous sum of \$144,000,000 is set down for pensions, and it is over 35 years since the close of the war! We agree with the sentiment that the country's defender's should be liberally rewarded, but this is carrying liberality into lavishness. The role is constantly growing and has nearly reached the million mark.

NOT satisfied with pensioning every man that ever thought of going to war, Congress is about to set the precedent of pensioning Congressmen. Boutelle, of Maine, who is confined in an insane asylum, is to be appointed a captain upon the retired list of the army, on his resignation as Congressman, so that he can draw a retired officer's pay the rest of his life and his wife have a pension afterward. This is a great country or it would not be able to pension most everybody and grant subsidies to all favored institutions.

THE appointment of Hon. Charles A. Towne to succeed Cushman K. Davis, of Minnesota, will give general satisfaction. Democrats generally will be glad that their ally in the recent election has been so signally honored. Mr. Towne was nominated by the populists for president, but declined to run against Mr. Bryan, to whom he gave his support and that of his followers as much as he could.

A LAWYER and a preacher at Williamson, W. Va., settled their differences as to dancing by shooting it out. The preacher, who claimed that most of the evils that afflict society grew out of the lustful waltz and other dances, was killed outright, but not until he had perforated the diaphragm of the lawyer, who was president of the Cotillion Society.

As the Duke of Manchester was debarred from sitting in the House of Lords because he is a bankrupt, it was about time for him to secure an American heiress whose father was willing to put up his money for a title. He found one in the person of Miss Zimmerman, of Cincinnati, who is the daughter of Mr. Eugene Zimmerman, well-known in Kentucky railroad circles.

It doesn't take Editor Landram, of the Central Record, long to dispose of such small matters as the president's message. He says: "The president's message was read to Congress Monday. Its as long as a widower's love letter. Republicans say its all right and democrats say its no good. We will take their word for it."

THE prohibitionists will have another kick coming. The Philippine commission has licensed liquor saloons in Manila at \$300 each per year. If the republicans won't let the constitution follow the flag, they seem at least determined that the saloon business shall do so.

W. S. TAYLOR did not apply for the appointment of internal revenue commissioner. One of his overzealous friends wrote a letter suggesting his name for the place. We gave him credit for having more sense and hardly enough gall to do such a thing.

THE bill for the army reorganization provides for the appointment of 30 dental surgeons to look after the teeth of the soldiers. The beef that the contractors furnish is so tough that experience shows such an innovation is necessary.

MISS JULIA MARLOWE, the actress, refused to use the word "dama" even in a play and is thereby deserving of congratulation. Miss Marlowe seems to be head and shoulders above the other actresses in her line in more ways than this.

THE press of this State as well as all who knew the gifted gentleman, will learn with regret of the death of Walter Champ, senior editor of the Bourbon News, which occurred at Paris Saturday morning.

THE Louisville Commercial is entitled to the cake for having the poorest cartoons of any of our exchanges. A novice evidently draws them and the average blacksmith could do a better job making the plates.

It is now the Somerset Republican instead of the Paragon. Brer Hansford has improved on the name, now he should try his hand on his paper's mean politics.

GOV. MOUNT, of Indiana, has been given a dose of his own medicine. Gov. Thomas, of Colorado, refused to honor a requisition from the old assassin holder.

POLITICAL.

Bourbon democrats will hold a primary June 1.

Corn sales at \$2.10 are reported in Bourbon.

The total vote cast in Kentucky for presidential electors in the recent election was 467,195.

Kentucky republicans now feel sure that Congress will divide the State into two judicial districts.

Stephen H. Caudill was appointed postmaster at Roxana, Letcher county, vice George Hogg, removed.

By a vote of 196 to 92 the House passed the Grout Oleomargarine bill. The entire day was devoted to debate on the bill.

Gen. D. R. Collier, who has been in charge of the pension office since Sept. 11, was succeeded yesterday by Leslie Combs, the old incumbent.

Representative Gilbert has introduced a bill to pay the estate of Jacob Robinson, this county, \$840 for damages caused by the Union army.

It is stated that in the event John W. Yerkes is appointed United States revenue commissioner, Col. D. R. Collier will succeed him as collector.

It is now believed that Joseph H. Manley, of Maine, will not accept the commission of internal revenue and that the position will shortly be tendered John W. Yerkes.

By a vote of 166 to 133 the House passed the Army Reorganization bill. Save that two democrats voted for it and one republican against it, it was passed by a strict party vote.

Fifty members of the Kentucky Club of New Decatur, Ala., have engrossed suitable resolutions which, together with a handsome gold headed cane, will be presented to Gov. Beckham. A member of the club will deliver the cane to him.

Hon. G. G. Gilbert has endorsed Miss Lizzie Cohen, of Martinsville, and Mrs. S. A. Harding, of Danville, for positions in the census and agricultural departments. Miss Cohen is scheduled for the census department and Mrs. Harding for a place in the agricultural department.

Senator Deboe introduced in the Senate his bill for the division of Kentucky into two judicial districts. The bill only differs from the original, introduced two years ago, in that it substitutes London for Richmond as one of the places for holding court in the proposed Eastern part.

Because no proclamation was issued by the governor for the special election of the circuit judge in the 27th judicial district to fill the vacancy caused by the death of Judge Clark, the State commissioners declined to issue a certificate of election to Judge James H. Tinsley, the republican candidate, but certified to the governor that he received the only votes cast for circuit judge, 10,000 in number.

A Louisville dispatch says: A movement is on among republicans to give United States Senator W. J. Deboe a hard throw down for the United States Senate, and if the next Legislature is republican, W. O. Bradley will be the next United States Senator from Kentucky. All the efforts of the republicans from this time forth is to elect a republican majority in both houses and to send Bradley to the Senate.

The fourth 20 per cent. of the school per capita, due the teachers of the State, is being sent out by Treasurer Hager. The total amount due the teachers is \$423,102.15. Of this amount \$295,975.51 goes to the country teachers and \$127,126.64 to the city schools. The latter is both the third and fourth payments. The last 20 per cent. of the per capita is due on the second Saturday of January next, and Auditor Coulter says that the money will be sent out promptly.

THIS AND THAT.

American salesmen now have absolute control of the retail beef market in England.

Three men were drowned by the tow-boat Dick Fulton running down a skiff at Industry, O.

The mother of Editor John R. McLean, of the Cincinnati Enquirer, is dead in Washington.

Dr. Vandenberg's meeting at the First Presbyterian church at Harrodsburg resulted in 16 additions.

Judge Sneed, of Knoxville, decided that the anti-cigarette law is void, and cigarettes are now on sale in Knoxville.

Capt. James Garrard, of the regular army, has opened a recruiting station at Middlesboro, London, Jellico and Pineville.

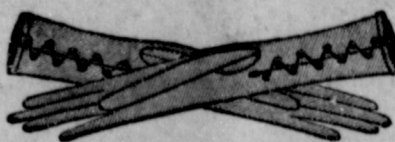

Capt. George T. Price, a prominent Confederate veteran of Bowling Green, accidentally shot himself and died soon afterward.

AGENT JOE S. RICE "got after us" about the item in our last paper which stated that the express company charged us 65c for a two-pound package from Cincinnati. The package bore the stamp "Cincinnati, O.," and we very naturally thought it came from there but found later it started from Faulkner, N. Y. He says his company only got 32 cents for bringing it from Cincinnati, which isn't so cheap itself. Of course Mr. Rice can not regulate his company's rates and is not responsible for them, but we believe if it were in his power he would cut their price about half in two, which seems to us would be about right. *

THE teachers' meeting in the Stanford magisterial district was called to order at the court house by Miss Annie Dunn Saturday morning at 10:30. After a song the association was led in prayer by Rev. The splendid papers read by Miss Nora Phillips, "Nature's Study;" Miss Belware, "Discipline;" Miss Stella McClary, "Primary Reading;" and Mrs. H. D. Phillips, "A Model School;" showed much study and were highly complimented by the association. Prof. M. O. Winfrey and Dr. W. F. Hickie talked very entertainingly on Drawing and Hygiene respectively. As usual, Miss Essie Burch recited well. Prof. T. J. North delivered a splendid declamation. The association is indebted to Prof. Miller, E. L. and DeWitt Grubbs, Rev. S. M. Rankin, Dr. Shelton and others for their instructive talks on subjects open for general discussion. After singing "God be With You Till we Meet Again," the association adjourned sine die. *

COUNTY COURT.—A fairly good crowd attended court yesterday and a good deal of business was transacted. There were 310 cattle at A. B. Florence's pens, of which about 200 sold at 2 1/2 for common butcher stuff to 4c for good yearling and two-year-old cattle. Heifers brought about 3 1/2c. Mules were in demand at \$75 to \$125. The horse trade was dull.

M. J. Farris bought of Stigall Bros. 40 good feeding cattle at 3 1/2c. Jake Hugely bought of Jacob Kimberlin 22 good two-year-old cattle at \$35. J. C. Caldwell Friday made the biggest cattle sale of the year in this section and next week he will deliver to J. W. Bales, agent, 445 export heaves at 5c. Charles P. Cecil sold to Bales 68 at the same price.—Advocate.

This item is given for the benefit of farmers who may wish to save the expense of deborning their cattle when they grow up: Buy a five-cent stick of potash, and when the little horns make the first sign of starting on the calves, wet them with a little water and rub them over with the caustic stick, and the calf will never know what nature intended that it should have horns.

The more quietly cows are kept the greater will be the flow of milk. What a grievous mistake a man makes by starting his boy to the pasture for the cows, with two or more dogs following. It is as absolutely necessary to keep cows quiet as it is to keep them warm and dry. Farmers, put this advice into practice and you will have to keep only two-thirds as many cows as you have been doing.

Judge Thomas Z. Morrow, of Somerset, the able jurist and elegant gentleman, has a base ball team of nine sons, and they are all worthy chips of a fine old block. They have turned out to be successful lawyers, merchants and soldiers, and one of them, Lieut. Charles Morrow, has just distinguished himself again in the Philippines by routing with a handful of men, a large number of insurgents. The lieutenant is a twin and his brother was also a lieutenant in the war with Spain. He is a handsome young fellow and comes by his bravery and fearlessness by inheritance. Judge Morrow is naturally very proud of his sons, and he has reason to be.—Lexington Democrat.

PNEUMONIA PREVENTED.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by Craig & Hocker, Druggists.

An offer of \$500 made by General Agent Alexander Gilmour, of Louisville, and City Agent Edgar Alexander, representing the Aetna Life Insurance Company, was refused by friends acting for the widow of the late Charles S. Milward, of Lexington. Milward carried a \$5,000 accident policy in this company. The policy contained a clause agreeing to pay 10 per cent. of the face value in case of suicide.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Horham of Maine, when the doctor said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying that it had more than once saved her life and had cured her of consumption. After three small doses she slept easily all night and in further use completely cured her." This marvelous medicine is guaranteed to cure all throat and lung diseases. Only 50c and \$1. Trial bottles free at Peck's Drug Store.

Merritt Friend, of Irvine, fainted and fell into the fire while his aunt, Mrs. James Friend, of Sand Hill, Estill county, was dressing a boil on his neck. Friend remained in the fire until his uncle returned to the house, when he was removed unconscious.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by Craig & Hocker, Druggists.

The W. C. T. U. wins a victory as decisive as it was unexpected in securing an amendment to the Root bill abolishing the army canteen, but, like Jordan, the road from the House end to the Senate end of the Capitol and back again, is a hard road to travel. It is a favorite trick of the politicians to pander to piety by passing moral bills in one House and killing them in the other, and the women will have to keep an eagle eye on their amendment if they wish to see it part of the measure as finally adopted.—Lou. Times.

BY SPECIAL REQUEST.

DR. GOLDSTEIN

The Eye Specialist, will return to Stanford Monday, Dec. 17, 1900, for one day only.

Dr. G. Goldstein, of Louisville, will be in the city of Stanford Dec. 17 to remain one day and will fit glasses to the eyes of all who need them. He has made the study of optics a specialty and any one in need of glasses cannot do better than give him a call. He will be found at his rooms at the Veranda Hotel. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect of parents may lead to most serious consequences in after life. If the eyes of a child need glasses the doctor can determine it and adjust such glasses as will be most apt to preserve and increase their strength. The doctor has been giving satisfaction for many years and we recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him and if he don't give them relief it will not cost them anything. He can adjust to any eyes and any age. A good glass rightly adjusted is a luxury to a person with failing sight they cannot afford to do without. A glass imperfectly adjusted is worse than no glass.
